

# How do you embed sustainability and have an impact?

PEWA 12 March 2019

Meg Fricke

The better the question. The better the answer.  
The better the world works.

## Sustainability Framework

**Integrity**

**Credibility**

**Trust**

**Leadership, strategy and vision**

**Governance**

**Stakeholder engagement**

**Risk and opportunity management**

**Partnerships and value chain**

**Culture and capability**

**Reporting, systems and technology**

The framework supports the effective identification and integration of sustainability across an organisation, driving innovation and behaviour change and building trust with all stakeholders.
